CHECKING FOR SOFT CRABS??? Not exactly. Bay St. Louis Chief of Police William Carbonette agreed to "go wading" to show Echo readers the amount of water at the Bay-Waveland Yacht Club's driveway Wednesday morning. High winds and

rain caused water from the Bay of St. Louis to bring about an unnatural "high tide". The National Weather Service predicts more rain for this area this week.

## Hospital Appoints New Administrator

Hancock General Hospital board of trustees voted unanimously Tuesday night to appoint a New Orleans man and former Mississippi native as administrator of the hospital.

The action came after several months of effort on the part of a board committee to fill the position left vacant by the resignation of H.J. Blackledge. On the recommendation of committee chairman Brother Martin, the board accepted Howard Valentine to serve as hospital administrator for a period of one year, effective June 1, 1973.

Valentine is at present chief purchasing agent for Methodist Hospital in New Orleans. He is a native of Vicksburg, Miss.

J.T. Jacobs, a new member of the board of trustees, abstained from voting on the subject noting that this was his first meeting with hospital group and he had no prior knowledge of the matter. Jacobs, a Bay St. Louis resident, was appointed to the hospital board by County Supervisor H.G.

Zengarling, replacing Wesley Haas, who resigned in November.

In other business, the board accepted the recommendations of Dr. Sidney Chevis for the acquisition of several items of medical equipment which Chevis said would greatly enhance facilities for patient care at the hospital.

A New Orleans specialist has come to Hancock General twice in recent months to install internal pacemakers in cardiac patients. Chevis told the board, although this particular operation "has not yet been done in Gulfport Memorial Hospital". Dr. Chevis said there is an increasing need for pacemakers at the hospital. Local physicians are particularly impressed by the value of external pacemakers now on the market, as immediate insertion of the unit has often saved a patient's life.

Only a specialist can install the internal unit but the procedure for the external pacemaker is simple, Chevis

continued, noting that he has installed one in a matter of minutes on several occasions.

The board authorized purchase of an external pacemaker on an emergency basis at the unit asking price of \$750. Trustees also agreed to accept installation of a three-bed cardiac monitoring system on a 30-day approval arrangement giving staff doctors the opportunity to observe the system in operation. A motion was passed to readvertise for bids on a similar system at the end of the 30-day period.

Testing of dangerous drugs being sold illegally is one of the primary needs of the drug Abuse Center, the board was told, and availability of the HGH lab would eliminate the three to eight-week delay in return reports from the Jackson crime lab.

Curtis Hegwood and Skip Cothorn, medical technologists at Hancock General, have agreed to perform tests for Dr. Russell at no expense to the hospital, whenever the need arises.

The board consented to cooperate in any way possible with the Drug Abuse Center.

In an unrelated matter, the board approved a proposal to install a radio at the hospital which would be set on the same channel as police, fire and sheriff's departments and Civil Defense Citizen's Band, to keep the hospital in constant communication with rescue agencies in time of disaster.

East Pearl River in Hancock and Pearl River Counties.

The delegation included Pearl River Basin Development District Board members Lampton Williams, Poplarville, A.T. "Argie" Stewart, Poyune, Norton Haas, Sr., Bay St. Louis, Frank Dunaway, Engineer for City of Poyune, and Mansfield Downes, Poyune.

The water loss from the East Pearl has come about through a combination of neglect, lack of maintenance, and deliberate diversion. Besides endangering the navigation channel to the NASA test facility, the present situation poses a threat to the oyster industry off the Gulf Coast.

The group proposed that appropriate resolutions be introduced to get the Corps of Engineers to study and recommend solutions to the present problems.

Other board members present for the meetings included Pott Virden, Hinds County, Arlo Winstead, Neshoba County, R.L. Moss, Leake County, J.W. Slay, Lincoln County, Dr. James Mayfield, Leake County, W.A. "Bill" Wilshire, Pike County, Cecil Cooney, Walkhale County, Lester Huff, Scott County, Executive Vice President Alvin Beck and Board Attorney John H. Stearns.

## Board Sets Guidelines For Road Repair

The question of how to enter into county-wide road repair projects under federal revenue sharing funding was finally resolved at a Monday meeting when county supervisors adopted a resolution setting forth guidelines for the project.

The resolution, which was accepted by a four to one motion, gave county engineer Larry Seal sole authority for supervision of all labor and materials used on the roads as well as final authorization for any expenditures of the 70 percent of revenue sharing funds allocated to the county roads.

The resolution as adopted states in part, "all funds expended be under the supervision of the county engineer on contract forms for plans and specifications prepared by him". The stipulation being that all work must be done under contract through public bid, including "the building up of the road or placing clay gravel thereon and drainage".

The resolution provides further that individual supervisors may perform their own preparation work according to the standard set by the engineer, however, expenditures for this work shall be paid out of the beat road and bridge funds rather than revenue sharing money.

It was to that condition that Beat One Supervisor Jerry Ladner raised objection and voted against the resolution. In explanation Ladner stated, "We have right at a half-million dollars in equipment for working on roads and I object to bringing in outside contractors to do work that could be done with local labor."

Beat Five Supervisor James Travica retorted that he and Oscar Peterson had already begun preparation work on some of their

designated beat roads, using beat monies, which will expedite completion of the roads when contracts are let for overlay.

A separate motion was passed to advertise for bids for surfacing work, the bid opening scheduled for May 21 at 11 a.m.

A contingent from the City-County Library Association met with the board in a recessed session Monday appealing for an increase in revenue allocation for the library. Speaking for the group, Mrs. Linda Haas told supervisors that some \$275,000 was needed for con-

struction of a new library and that the board's original allocation was not sufficient to provide matching funds for the project.

The association was asking for a one mill increase out of county ad valorem taxes, contingent upon approval by the state attorney general. Some contention arose over the matter when Supervisors Ladner and Peterson objected to the millage proposal. Although he was in favor of the library, Ladner noted, he was not in favor of raising county taxes

## Controversy Arises Over Bayside Roads

A resolution providing temporary relief from bad road conditions in Bayside Park subdivision was adopted by county supervisors Monday after a group of angry Bayside Park property owners challenged the board for immediate action.

Mrs. Dorothy Richard, addressing the board as spokesman for the group which has repeatedly appealed for help, said that former Beat One Supervisor C.A. Russ III had maintained the roads in question as did his successor, Jerry Ladner, when Ladner first took office. After a short while Ladner stopped working on the unpaved roads, she explained, giving as his reason that it had just come to his attention that those roads had never been accepted by the county, therefore were still under the

jurisdiction of the developer, William Bosworth, Jr.

Ladner then explained that he was told by the board attorney that county equipment and labor could not legally be used for improvements to private property.

Board Attorney Ruble Griffin further explained that this situation was a direct result of former supervisors accepting plans and poorly constructed streets before the county adopted subdivision regulations, which now prevent unscrupulous developers from selling property under false pretenses. In this case, Griffin stated, Bosworth Construction Co. in New Orleans is directly responsible for the improvement of the Bayside Park roads and it is the property owners who should enter into litigation with Bosworth, not the county.

Mrs. Richard pointed out that it was a matter of record that the county had accepted "all but unpaved roads" in Bayside Park. A heated discussion then ensued between the dozen property owners and the supervisors over what was considered an "unimproved road", which was finally resolved by acceptance of supervisors' designation that only hard surfaced roads, i.e. black topped or paved, were considered improved and therefore acceptable by the county for maintenance.

Mrs. Richard said she had written to President Richard Nixon about the situation as she felt Bayside Park residents were being discriminated against in the use of federal funds for road and community improvements. Another property owner, James Crawford, stated that he had received a

## Fines Levied On Drug Charges

In a recent Echo report of the April 3 court docket of Justice of the Peace Joseph Dobson, Charles J. Debenport was incorrectly listed as having received a fine of \$25 for possession of marijuana. Debenport was actually fined \$200 for the marijuana charge and \$25 for contributing to the delinquency of a minor.

In other narcotics cases heard the same evening, Stephen Gregory was fined \$600 for possession of marijuana and possession of paraphernalia and David Stipley received a fine of \$600 for possession of marijuana and paraphernalia.

In an unrelated case, Emmett Demoran was found guilty and fined \$75 for a charge of driving under the influence of intoxicants and an additional fine of \$25 for leaving the scene of an accident.

On the following Monday night, Judge Dobson levied a fine of \$75 against Terry Wayne Simmons for contributing to the delinquency of a minor.

## REHEARSAL MONDAY

A rehearsal for contestants in the Mississippi All American Male Beauty contest on April 27 will be held Monday at 8 p.m. at St. Joseph gymnasium. Proceeds from the contest will go to the American Cancer Society.

## Council Approves Emergency Hiring

A resolution approving the hiring of five extra street employees by Mayor Warren Carver "as an emergency measure" was passed at Monday night's council meeting by a vote of 2-1.

The action came after Commissioner William Frisbie's recent contention that the hiring of additional employees four months prior to a municipal election is prohibited by state law. Mayor Carver explained, however, that the five men were needed on an emergency basis to clean ditches following heavy rainfalls.

Frisbie refused to sign the paychecks of the five men and abstained from voting on the resolution. However, the checks were signed by Mayor Carver and Commissioner Andre Arceneaux.

In case of rain, both events will be cancelled.

council to pass the resolution because the "hiring of extra men is illegal except in emergency cases".

In other business, the council delayed action on adopting a civil service system for Bay St. Louis until more information can be obtained.

Although Commissioner Frisbie suggested that the matter be postponed until after the elections, Mayor Carver said that such a system would protect city employees under different administrations.

The council then agreed to study the matter further and meet at a later date with city employees.

Nolan Kingston was appointed to the city's housing authority board.

The meeting was recessed until Monday at 10 a.m.

Bay St. Louis and Waveland children are invited to attend Easter Egg Hunts in their communities from 2-3 p.m. Saturday.

The events, co-sponsored by the Bay St. Louis-Waveland Alliance Club and the Bay St. Louis Rotary Club are open to children between the ages of two and ten years.

In Bay St. Louis, the hunt will be held at St. Augustine Seminary. Gulfside Assembly is the site of the event for Waveland children.

In case of rain, both events will be cancelled.

## Red Beans And Rice

It seems as though everyone's got a cause... everywhere you go people are spreading the word, promoting a movement.

Committees have been formed to fight everything from pollution and over population to the wanton destruction of fire ants.

However, there are some apathetic citizens who find it hard to get involved in movements. Although they try, they find it impossible to identify with any of the current causes.

Psychiatrists have studied this particular problem and have named the disease the eudaimonia syndrome. The symptoms of eudaimonia include a general feeling of well-being and a refusal to feel frustration and animosity toward a world which is "falling apart".

To try and help these poor souls who wander through life without commitment, without a banner to carry or a cross to bear, The Sea Coast Echo has done research on various organizations which have been formed in the last two years, in an attempt to find a cause for those without one.

Here are a few which readers may choose to look into:

1) **PLEASE PRESERVE ANCHOVIES**—this organization was founded in 1969 by a group of Italian food eaters in New York city. After consuming pounds of Italian salads and pizzas, they realized that the anchovy was quickly becoming an endangered species. Not only were people recklessly devouring these little fellows but there were some foolish hearts who refused to eat anchovies and pushed them to the side of the salad bowl or offered them to other diners. (You want my anchovy? Those little things tickle my throat!) The fight was on. PPA picketed Mama Leone's and shouted slogans such as "Black Olives, YES! Anchovies, NO!" (NOTE: this organization is not to be confused with SOFA—Save Our Friendly Aardvarks.)

2) **CONFEDERATES AGAINST THE WAR**—membership in this group is limited to residents south of the Mason-Dixon line and was formed to urge the government to change the course of the war—not the Vietnam War—the Civil War. CAW is now attempting to get legislation passed that would force history-book writers to admit that the South didn't lose the big one but actually tied with the North. CAWs contend that one last battle, "The Siege at Magnolia" in 1868 ended in a score of 6-6 between the Johnny Rebs and the Yanks. Perhaps some readers have spotted CAW members riding around in cars covered with Confederate flags and stickers that proclaim, "The South Will Rise Again!"

3) **HOUSEWIVES OPPOSE HANGERS**—some readers may find this particular movement a little ludicrous but think of it—hangers (the kind you put your clothes on) are very fickle. When you need one, you can never find one. And when you're trying to clean out the closet, they're everywhere. It's also irritating when one is attempting to grab a handful and the hooks are facing different directions.

This kind of insolence cannot be tolerated in a Democratic society. All hangers should be made to conform. Are they any better than the rest of us?

HOH has recently petitioned the American Institute of Drycleaning asking that a study be made to find a substitute for hangers. As yet, however, AID has refused to remedy the plight of these housewives.

For those who find these three movements a little too left-wing, the National Association for Greater Society (NAGS) has published a pamphlet entitled, "Causes Without Rebels—How You Can Join". It's available by mailing a self-addressed stamped envelope to NAGS, Box 123, La Funka, California (naturally). Don't just sit there being happy. Get involved!

Bay-Waveland Humane Society met last Wednesday night at Bay St. Louis Civil Defense headquarters with Larry Lavole, president, conducting the business session.

Reports were given by Mrs. Donna Hoefeld, secretary; Mrs. Laura C. Goldman, treasurer; Mrs. Marie Hoefeld, membership chairman, and Mrs. Clifford Backlund, publicity chairman.

A report was heard from the committee attending the April meeting of Hancock County Board of Supervisors, they explained that the supervisors are unable to help county residents with domestic or non-live stock animal control. State laws, they said, do not provide nor do they allow, allocation of funds for this purpose by supervisors.

The Society, which voted to work toward having appropriate laws introduced in the 1974 State Legislature, is asking county residents to join their organization and help them push for these laws.

The next meeting will be held at 7:30 p.m., May 8 at Ramada Inn, Highway 90, Waveland.

Members are asked to mail dues to the Society, P.O. Box 471, Waveland.

## Rocks Defeat Rebels, 5-4

Last Thursday afternoon the St. Stanislaus Rock-A-Chaws defeated the Notre Dame Rebels of Biloxi 5-4 in a high school baseball contest. The Rebels took a 1-0 lead at the end of the first inning. In the second inning the Rocks scored two runs and went in front of the Rebels 2-1. Notre Dame took the lead in the top of the fourth inning when they scored two runs to make the score 3-2 in favor of the Rebels. In the bottom of the fifth inning the Rocks scored two runs to regain the lead at 4-3. The Rocks scored one run in the bottom of the sixth inning to make the score 5-3.

Notre Dame Battled back in the top of the seventh inning but were able to score only one run making the final score 5-4 in favor of Stanislaus. Robert Sisson was the winning pitcher for the Rocks, striking out nine batters, walking ten and allowing only three hits. Robert Ladner, the third pitcher used by Notre Dame was tagged with the loss. The three pitchers for the Rebels allowed six hits. David Kenny had two hits in four trips to the plate, followed by Dan Ford with two hits in three trips to the plate. LINE SCORE:

St. Stanislaus 1 0 0 2 0 0 1-4  
Notre Dame 0 2 0 0 2 1 0-5

## Senior Citizens Happenings

The Senior Citizens were especially honored recently by the First Missionary Baptist Church when Rev. Lawrence Collins conducted a special Sunday service honoring all the senior citizens of the community. Turner Parker provided special music for the program. A chicken dinner was held following the service, and the food was really delicious! Ledell Terrell was program chairman for this event and Lillie Mae Price was refreshment chairman. We really had a happening in Pearlington last week! About 47 seniors got together for our monthly social and had a hang-up Easter party. Pip Johnson and his band played for us, and Doris Givens used all of her beautiful ceramic Easter eggs and rabbits for decorations. Felanese

Thomas and Johnny Bennett won prizes in the egg decorating contest and everyone received an Easter basket to take home. Horace Lafontaine won the door prize and said it was the first thing he had ever won in his life - and his life has been over 80 years! We really thank Irma Cuevas, recreation director for Pearlington, for a wonderful party. Next week, on Easter Monday, April 23, the Bay St. Louis Senior Citizens Center will have a triple celebration - a birthday party for Esther Cuevas, a 50th wedding anniversary for Mabel and Charles Moran, and an Easter Egg Hunt for everyone, with a prize for the golden egg. We really appreciate all the

volunteer help and the donations for all our spring activities, and soon we'll be able to add to our activities since Mr. Donald Decker of the Waveland American Legion has just presented us with a complete new set of bingo equipment!

## TENDER LOVING CARE

News From  
Hancock General Hospital

Beryl Willis, LPN, will be taking a six weeks educational leave of absence in order to participate in an intensive Coronary Care Course to be conducted at Bogalusa and Baton Rouge General Hospitals.

Happy to announce that HGH Laboratory is now able to do their own frozen sections. Another service to further assist our community.

Dietary welcomes Lois Wilkerson.

Want to remind all that the Easter Egg Hunt to be held April 21 between 1-3 p.m. will be for the children of HGH employees ONLY. Children must be 12 years and under.

**"1927 FLOOD"**  
"There is nothing as exciting as a high water fight except -war."  
This is how a survivor of the 1927 flood describes the great flood in a special program produced by the Mississippi Educational Television Network (Channels 19, Blioxi).  
The 30-minute program called "The 1927 Flood," which uses more than 500 photographs as well as historical motion picture film, resulted from an original script by Noel Workman of Greenville. It is a personal recollection of the disaster told by the people who lived through it.  
To be shown on Mississippi ETV at 8 p.m., April 21 - the 46th anniversary of the first break in the levee - and again at 6:30 p.m., April 22, the program describes the disaster in which 246 people died, 28,000 square miles were flooded and financial losses amounted to more than a half-billion dollars.

I sincerely and firmly believe that our city has great potential and tremendous growth possibilities, along with wonderful natural advantages. By working together we can develop our natural advantages, improve and extend city services and utilities and maintain a realistic and reasonable tax basis.

I strongly believe that we must not only maintain the high level of accreditation of our public school system, but must continue to improve and embellish it. I will support and urge that we increase our efforts in providing supervised recreational

**TO THE CITIZENS OF BAY ST. LOUIS**

I have entered into this campaign for the office of Mayor, with a firm conviction that I possess the experience, leadership qualities, and know-how which are so necessary in developing an efficient, progressive, fair and wise city government.

I am supremely confident that I can lead an administration which will work in harmony and unity, always seeking and welcoming the counsel, advice and assistance of our business, civic, educational, industrial and religious leaders. In order to encourage and utilize the talents and expertise of our concerned citizens, we must have in City Hall, an atmosphere of friendliness, unity, dedication and mutual respect.

activities for our youth and adults. Rebuilding our municipal piers and sand beaches will be priority items in this area.

I earnestly and humbly solicit your vote and support in the forthcoming Democratic Primary on May 8th. Please give me an opportunity to utilize the experience and know-how gained during the 16 years I served as your mayor, to work with the new administration to make Bay St. Louis a more wonderful place to work, live and play in.

Sincerely and hopefully yours

## Colling's Corner

By E.S. Colling

We had a very pleasant evening last week at the annual dinner of the local library association, and some of the talk there brought to a focus a thought or two about libraries in general.

First, they are merely collections of printed matter, catalogued and loaned to readers. But while this is a useful service, it is not the primary purpose of libraries. Their fundamental function is education, the placing of knowledge within easy reach of everyone who wishes to learn. The earliest Greek and Roman savants—Plato, Socrates, Livy, Horace—had very few manuscripts to which they could refer for information or inspiration, and prior to their times knowledge could be passed from one person to another only by word of mouth or occasional cryptograms.

Then, only five hundred years ago, came the printing press, and books took their place in the spreading of information and philosophy; only within the last two centuries have collections of books become available to those seeking to study and learn.

Those functions are still served by libraries, but with modern times has come another element: entertainment.

In many libraries today most of the volumes on the shelves are fiction, and these volumes (with some notable exceptions) offer the reader merely a pleasant way to kill time. The chief reason for this is that all fiction is merely reflection, a recounting of acts and thoughts that have already happened in truth or in imagination. Fiction teaches nothing, and very little of it is inspiring or provocative; therefore it is mostly a waste product in the advancement of intelligence—a time killer.

As the speaker at the library dinner last week so aptly put it, the chief job of libraries is to build up the interest of the public in fields of value rather than recreation. And it must be said that they are working diligently along this line, reaching out in many new ways to intrigue the juvenile mind and to divert it into the mainstream of intelligence. And if the Friends of the Library continue to raise their hands, the Buildings That House Books will become increasingly more satisfying to the mind and much more profitable than going to the movies!

## Chamber Report

By Sylvia McComiskey  
Hancock County Chamber of Commerce Manager

According to the Mississippi State Tax Commission, sales tax collections for Bay St. Louis for the month of March were \$15,167.83 compared to a total of \$14,668.30 for the same month in 1972. Sales tax collections for Waveland for the month of March were \$2,924.62 compared to a total of \$3,748.40 for the same month in 1972.

The Chamber wishes to remind employers and job seekers that there is now a permanent Mississippi State Employment Service Office in Bay St. Louis at the Velena C. Jones Complex on the Old Spanish Trail. This office is open from 9 a.m. - 1 p.m. Monday through Friday. Use this service!

Attend the East Sunrise Service on the lawn of Christ Episcopal Church, South Beach Boulevard, Bay St. Louis at 5:30 a.m. Sunday, sponsored by the Hancock County Chamber of Commerce.

An Easter Egg Hunt is planned at St.

Augustine Seminary for the children of Bay St. Louis. For children of Waveland, the hunt will be held at Gulfside Methodist Assembly. Both events will be from 2-3 p.m. Saturday for children between the ages of 2 and 10 years.

This project is co-sponsored by Bay-Waveland Altrusa Club and Bay St. Louis Rotary Club and they are to be commended for their interest.

The Chamber receives telephone requests, written requests and individuals coming into the office for information, daily. Many of these requests come from all areas of the United States and ask for various types of information. We also receive many local people and businesses seeking all forms of information on our County and other areas of the Country. When you need information on a service or business, keep the Chamber in mind. We can give you the information you need.

## County Agent's Notes

John W. Smith  
County Agent  
Hancock County

The Mississippi Department of Agriculture and Commerce began a program on April 1 to distribute fire ant bait in two-pound bags to individuals for treatment of problem areas around homes, barns, and out buildings, according to Commissioner of Agriculture and Commerce Jim Buck Ross.

"The Department has scheduled a program of application by plane and ground equipment," Ross explained, "but it is impossible to reach all localized problem areas by this method in a short period of time."

Mound treatment by the landowners themselves will offer temporary relief until a more large scale application of the bait is made.

Directions as to method of application will be stamped on each bag of bait. One and one-half level tablespoons of bait sprinkled around each mound is adequate for control. It works best when the mound is not distributed, according to specialists.

Sixty-two of the state's 82 counties are experiencing problems from the fire ant, and more than 120 million acres are infested in a nine-state area of the Southeastern United States.

Persons in Hancock County desiring to obtain fire ant bait for local application should contact Hugh Sanford, County Fire Ant Supervisor.

### ANHYDROUS AMMONIA

Wait until soils are drained of excess moisture before applying anhydrous ammonia as this material is hard to seal in wet soil.

Due to the shortage of solid granular nitrogen fertilizer materials, many farmers may want to wait until after the crop is planted to apply anhydrous ammonia. In this case, it should be applied at least 10 inches from the seed drill to prevent injury to seed or seedlings.

### KEEP PESTICIDES OUT OF MILK

Here are some suggestions that should help in keeping milk free from pesticide residues:

Locate your cotton fields as far away as possible from pastures, hay and silage fields.

If you suspect that you may get a drift from the cotton field to the feed growing area, use only methyl parathion, sevin or malathion as cotton insecticides.

On your dairy animals and around dairy barns be sure to use only approved and recommended materials. Do not store pesticides in feed rooms or near where you milk.

Measure pesticides accurately, mix thoroughly and apply carefully. Be sure to observe waiting periods before grazing or harvesting feed crops. Make sure that all bought feed is free from pesticide residues.

When using any pesticide, read the label and follow all directions to the letter!

### WEED CONTROL

It is hard to predict the effect that flooding will have on weed control, but it is extremely doubtful that it will reduce weed problems.

Farmers who had clean fields in the past will likely find many new weed problems this year.

Keep a careful watch on your fields to help locate the new weed problems early so the weeds can be controlled before they produce a seed crop and create future headaches.

## Social Security Information

A recent change in the social security law dealing with the amount of a widow's benefit has raised some questions in several folks' minds.

Joseph D. Alfonso, representative of the Gulfport social security office, said some widows are eligible for a social security check equal to 100 per cent of what their deceased spouse would have received. However, to receive this amount, certain conditions must be met.

First, the widow must not file for the benefit until she is age 65 or older. If she elects to receive the benefit before age 65 it will be reduced. In addition, if the deceased spouse drew a reduced social security check prior to his death, the widow's benefit will be reduced also, even if she waits until age 65 to start it.

As a result of this provision, very few widows will be eligible for 100 per cent of their husbands' benefit since most elect to take it before age 65. Those who don't take the benefit before age 65, will still have their benefit reduced if their husband drew a reduced check. For more information contact your social security office at WX-1222.

## Insurance Women Elect New Officers

Highlighting the April 18, 1973 meeting of the Insurance Women of Gulf Coast was a film entitled, "Impressions of Mississippi". The film, presented by Dennis M. Oliver and Wendale Carbone, was sponsored by Sears, Roebuck and Company as a tribute to the people of Mississippi. The movie crew traveled throughout the State interviewing individuals in all walks of life, each one expressing his feelings and opinions concerning the State and his reasons for wanting to live and work in Mississippi. Plans were discussed for various events upcoming during Insurance Women's Week in the month of May. Culminating these events will be the annual banquet honoring employers on "Bosses Night". This will be held at the Buena Vista on May 26, 1973.

Election of officers was held

with the following to serve during the coming year. Misses. Shelby Byrd with Jackson, Taylor, Linfield and Cain Insurance Agency, Gulfport as President; Eloise Kelley, Stetten Insurance Agency, Gulfport as First Vice-President; Lois Morgan, Hancock Insurance Agency, Bay St. Louis as 2nd Vice-President; Lynn Lindsay, Aetna Casualty and Surety Claims Office, Gulfport as 3rd Vice-President; Sylvia Burns, Lee Burns Insurance, Edgewater Plaza as Recording Secretary; Jill Dolan, Hancock Insurance Agency, Bay St. Louis as Corresponding Secretary; Genny Baggett, Robinson-Julienne, Inc., Biloxi and Billie DeGraw, New York Life Insurance Company, Biloxi as Directors. Installation of officers will be conducted at the regular meeting in May.

## Greyhounds Top Stanislaus, 8-4

The Ocean Springs Greyhounds defeated the Stanislaus Rock-A-Chaws 8-4 in a Gulf Coast Conference baseball game last Saturday afternoon at Stanislaus Diamond.

Lance Oustalet started on the mound for the Rocks and was charged with the loss. Oustalet was relieved on the mound by Bud Lang. Lang struck out nine batters in relief. Walton was the winning pitcher for the Greyhounds.

The Greyhounds got three hits, and received eight walks. The Rocks got two hits and five batters got on base via walks.

Ocean Springs got six runs in the first inning and were

never in trouble. In the bottom of the sixth inning the Rocks tried to make a comeback but fell short.

Sealed bids will be received by the Hancock County Port and Harbor Commission on behalf of the Board of Supervisors of Hancock County, Mississippi for construction of RUNWAY AND TAXIWAY LIGHTING at the office of the Hancock County Port and Harbor Commission, Highway 603, adjacent to Ramada Inn, Bay St. Louis-Waveland, Mississippi, until 2:00 p.m., Central Daylight Time, May 15, 1973, at which time and place bids will be publicly opened and read aloud, unless time shall be extended by addendum issued to bidders.

The work consists of furnishing all labor, tools, equipment, materials and performing all work in accordance with the Specifications and Contract Drawings as set forth in the above Contract for construction of the runway and taxiway lighting system including, but not specifically limited to: removal, modification and re-installation of existing lighting fixtures; installation of new lighting fixtures; installation of ducts and cables; construction of vault; and installation of VASI system at each end of Runway 17-35 at Stennis International Airport which is approximately one (1) mile NW of the intersection of Interstate Highway 10 and Mississippi State Highway No. 43 (Kiln Road) in Hancock County, Mississippi.

Copies of all Contract Documents, Drawings and Specifications, as prepared by Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, may be examined and obtained at the office of Hancock County Port and Harbor Commission, or at the office of Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, upon payment of \$15.00 per set which is not refundable. Make checks payable to Fromherz Engineers.

Bids submitted shall be on the prescribed forms furnished. Bids shall be based upon rates of wages at least as high as the minimum rates established by the decision of the Secretary of Labor. Bids shall be in accordance with the "Information for Bidders" and shall be filed with the Director, Hancock County Port and Harbor Commission, at the address shown above.

Each bidder must deposit with his bid security in the form of a Bid Bond or Certified Check in an amount equal to at least five percent (5 percent) of the Total Base Bid. No bidder may withdraw his bid within forty five (45) days after the actual date of opening thereof.

The Hancock County Port and Harbor Commission and Hancock County Board of Supervisors reserve the right to waive any informalities, or to reject any and all bids.

Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

### PUBLIC NOTICE

INVITATION TO BID

To All Persons Interested in the Following Described Lands Located in Hancock County, Mississippi, to-wit: An undivided one-half interest, being the undivided one-half interest reserved for the support of township schools, in the West Half of Northeast Quarter (W 1/2 of NE 1/4), the Southwest Quarter (SW 1/4), the Northwest Quarter of Southeast Quarter (NW 1/4 of SE 1/4), and the Southwest Quarter of Southeast Quarter (SW 1/4 of SE 1/4), less and except therefrom a parcel 13.8 chains in width (east to west) off the east side of said Southwest Quarter of Southeast Quarter (SW 1/4 of SE 1/4), all in Section 18, Township 5 South, Range 14 West, Hancock County, Mississippi, said tracts (after excluding the excepted portion) containing a total of 295 surface acres, with the undivided one-half interest therein being a total of 147.5 net acres.

You hereby are notified that the Board of Supervisors of Lowndes County, Mississippi, entered an Order at its regular April, 1973 meeting offering the above-described lands for leasing for the purposes of exploring for and developing thereon and producing therefrom oil, gas and other minerals, such leasing to be in accordance with the provisions of Section 6600 of the Mississippi Code of 1942, as amended. The said lands constitute "in lieu" school lands which the Board of Supervisors of Lowndes County, Mississippi, has authority to lease under said Section 6600. A true copy of the oil, gas and mineral lease to be executed by said Board of Supervisors is on file and available for inspection by all interested parties in the office of the Chancery Clerk of Lowndes County at Columbus, Mississippi. You are further notified that sealed proposals concerning the amount of the bonus to be paid by the lessee for such leasing of said lands may be submitted to the Clerk of the Board of Supervisors of Lowndes County on or before 9:00 o'clock a.m. on the 11th day of May, 1973, and you are invited to submit said sealed proposals. Only the amount of the bonus is subject to bid.

This 6th day of April, 1973.

**SILVER TEA**-Mrs. Waldo Dearing pours at a punch table set on the porch of the Paul Vegas home in Bay St. Louis, during a recent Silver Tea sponsored by the Women of Christ Episcopal Church. Hostesses for the annual fund raising affair included besides Mrs. Vegas, Mrs. Omer DeBever, chairman of the tea and Mrs. Irby Charing, president of Women of the Church. (Echo staff photo by Adoree Shortle)

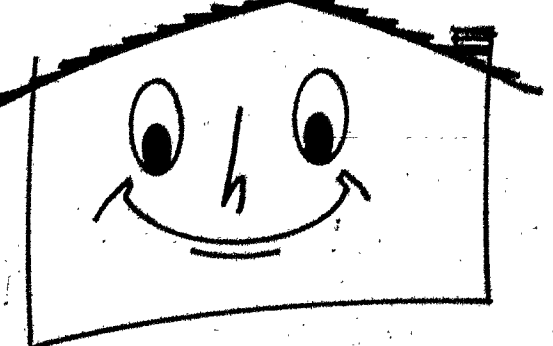

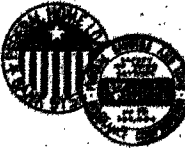

**Women Host Silver Tea**  
The Women of Christ Episcopal Church, Bay St. Louis, entertained with their annual Silver Tea at the North Beach Blvd. home of Mr. and Mrs. Paul L. Vegas, April 11.  
The Silver Tea is a benefit held each year in April with the proceeds providing support for the church's many missionary efforts. This long-time tradition helps promote fellowship as well.  
Mrs. Omer DeBever, chairman of the event, Mrs. Irby Charing, president of the Women of Christ Church, and Mrs. Vegas received the guests from 3 to 5 p.m., Wednesday.  
The lovely Tahitian-style home of the Vegas' is a blend of contemporary architecture. The two-story home is decorated in earth colors and furnished with antiques.  
In the living-dining area on the second level, the tea table was covered with an imported cutwork embroidered tablecloth, centered with an old fashioned spring floral arrangement, containing Dutch Iris, pink variegated carnations baby's breath, and shasta daisies, displayed in a five-canded epergne. Elsewhere in the room were sprays of brilliant pink azaleas and Cherokee roses. Two prize-winning arrangements of Mrs. Gordon Gleim, president of the Bay-Waveland Garden Club, graced the living room.  
Tea poured by present and past officers of the Women of Christ Church was enjoyed by visitors in the recessed seating area in front of a large brick fireplace and on the front deck with its view of the Bay.

**School Board Appoints 1973-74 Teachers, Principals**  
Principals for Bay-Waveland Municipal Separate School District schools have been announced as well as new teaching staff appointments for the coming 1973-74 term.  
Reappointed to the position of principal were Robert Magee, Senior High; W.J. Cameron, Junior High; Billy Sills, North Bay Elementary; A.J. Necaise, Waveland Elementary.  
Newly appointed teachers include Miss Martha Hall, Junior High Science; Barney Necaise, Junior High Science and Basketball; Miss Laurie Forstall, Junior High Special Education; John C. Johns, Jr., Junior High and Elementary Band; Mrs. Peggy Tedford, Senior High Chorus; Mike Necaise, Senior High Basketball and Science; Miss Linda Hayes, Junior High Mathematics.  
About four additional appointments are expected on the teaching staff and will be announced at a later date, according to J.D. McCullough, superintendent.

**BOXING PROGRAM**  
American Legion Post No. 139, has completed the preliminary plans to re-establish "The Manly Art of Self Defense" (amateur boxing) in Hancock County under the Southern AAU Regulations.  
All applications for boys in Hancock County to participate in this program will be accepted in Room 12 at the Valena C. Jones School, located on the Old Spanish Trail, Bay St. Louis, beginning Saturday, 10 a.m. Noon, April 28.  
Anyone desiring additional information regarding this program may contact the committee at the following telephones: Tom Cain - 467-4135; Lucken Kidd - 467-8842; or Richard Thomas - 467-8673.

"An undivided one-half interest, being the undivided one-half interest reserved for the support of township schools, in the West Half (NW 1/4), the Northwest Quarter of Southeast Quarter (NW 1/4 of SE 1/4), the Southwest Quarter of Northeast Quarter (SW 1/4 of NE 1/4), and the Northwest Quarter of Northeast Quarter (NW 1/4 of NE 1/4), less and except therefrom a strip 8.92 chains in width (east to west) off the east side of the Northwest Quarter of Northeast Quarter (NW 1/4 of NE 1/4), all in Section 29, Township 5 South, Range 14 West, Hancock County, Mississippi, which tract (after excluding the excepted parcel) contains a total of 456.67 acres, with the undivided one-half interest therein being a total of 213.335 net acres.

"You hereby are notified that the Board of Supervisors of Carroll County, Mississippi, entered an Order at its regular April 1973 meeting offering the above-described lands for leasing for the purposes of exploring for and developing thereon and producing therefrom oil, gas and other minerals, such leasing to be in accordance with the provisions of Section 6800 of the Mississippi Code of 1942, as amended. The said lands constitute 'in lieu' school lands which the Board of Supervisors of Carroll County, Mississippi, has authority to lease under said Section 6800. A true copy of the oil, gas and mineral lease to be executed by said Board of Supervisors is on file and available for inspection by all interested parties in the office of the Chancery Clerk in the First Judicial District of Carroll County at Carrollton, Mississippi. You are further notified that sealed proposals concerning the amount of the bonus to be paid by the lessee for such leasing of said lands may be submitted to the Clerk of the Board of Supervisors of Carroll County at her office in the First Judicial District of said County in Carrollton, Mississippi, on or before 10:00 o'clock A.M. on the 11th day of May, 1973, and you are invited to submit such sealed proposals. Only the amount of the bonus to be paid by the lessee is subject to bid.

"This the 2nd day of April, 1973.

"BOARD OF SUPERVISORS OF CARROLL COUNTY, MISSISSIPPI

BY: GEORGE W. GALEY, "PRESIDENT" 4-19, 4-26, 5-3, 5-10-73

**CHANCERY SUMMONS** NO. 11,962

THE STATE OF MISSISSIPPI

TO EILEEN RILES, Non-resident of the State of Mississippi, whose post office and street address are unknown after diligent search and inquiry.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the SECOND Monday of JUNE A.D. 1973, to defend the suit No. 11,963 in said Court of CLAUDE WILLIAM RILES, wherein you are a defendant. This 28th day of MARCH, A.D. 1

telephone call from Senator John Stennis, in answer to a letter of complaint from Crawford over the situation.

The U.S. Senator's reaction, Crawford noted, was that the county should take an active part in resolving the problem for the residents and that some action should be directed against the developer to hard surface the impassable roads.

Under continuing pressure from the group, the board finally adopted two courses of action. In the first, a meeting was scheduled for April 24, 7:30 p.m. in the courthouse of the board, the developer and all Bayside Park property owners.

The second action came in the form of a motion by Oscar Peterson, seconded by H.G. Zengering, authorizing temporary county maintenance on the roads in question for a period of six weeks. The motion was passed with a single dissenting vote by Ladner.

The motion is voted below in its entirety:

"There came on to be considered the matter of the maintenance of certain roads in Bayside Park, a subdivision of Hancock County, Mississippi, whereupon Supervisor Peterson moved

adoption of the following resolution:

"WHEREAS, only those streets that are hard surfaced and with proper drainage have ever been officially accepted by the Board of Supervisors of Hancock County for maintenance, and

"WHEREAS, the Board of Supervisors does now find and determine that it is the sense of the Board that said streets are subject to private ownership and not public ownership, and

"WHEREAS, interested citizens living within said Bayside Park have presented to this Board a petition both oral and written for maintenance of said streets, and

"WHEREAS, the Board has been reluctant to maintain said streets feeling that same were subject to private ownership and that actually there exists a conflict between lot owners and the subdivision developer, which conflict should be resolved by private litigation, and

"WHEREAS, however, there exists an actual emergency for the maintenance of said streets so that school routes and other necessities of public transportation may be had thereon and the lot owners affected have as aforesaid not only expressed their willingness for the public equipment of

the County to be used on said streets and as a matter of fact requested that said equipment be so used, and

"WHEREAS, the Board further finds and determines that it is in the public interest that immediate necessary repairs be made to said streets and that in the meantime that proper investigation be made factually and legally concerning the bringing of an action or actions against the subdivision developer requiring said subdivision developers to develop such streets, bringing the same up to the standards required for streets within a subdivision of the County before further maintenance be had thereon by the Board of Supervisors,

"NOW, THEREFORE BE IT RESOLVED that the use of public equipment be authorized on an interim basis for the immediate repairs to said streets same being on the terms and conditions hereinabove set forth,

"BE IT FURTHER RESOLVED that this be for a period of 6 weeks."

which he felt the library increase would involve. Action on the matter was tabled pending further inquiry to the attorney general.

Later in the meeting, the library matter came up for further discussion and supervisors Peterson, Zengering and Ladner agreed that the best recourse would be a bond issue by public referendum.

In other action the board: - accepted

a motion to advertise for bids to purchase a Gallion motor grader for beat one.

- accepted for purchase a bid from Turan-Lane Chevrolet for one dump truck, at a total price of \$6,481.71, as the only bid submitted for a beat five vehicle.

- passed a motion authorizing a loan of \$9,000 to the Bay-Waveland Separate School District for the purchase of a

school bus. City School Superintendent J.D. McCullough made the request.

- was advised by the board attorney that, as no bids have been received from three separate advertisements for clay gravel prices, individual contracts can be let as the need arises.

- approved the release from the county jail of Timothy Waite, on recommendation of the sheriff. Waite's release was made effective April 18.

## Style Show Held At Yacht Club

"All of the Fun and Fashion for Summer" was the theme of the covered dish dinner and style show presented at the Bay-Waveland Yacht Club, Saturday evening.

The style show was presented by the Princess Shoppe in Bay St. Louis. A collection of spring and summer fashions included cool sporty looks, gaily-colored swim ensembles, Easter suits, long dresses and formal. Commentator for the show was Jane Van Scoter, buyer and manager for the shop. The Models were all members of the Yacht Club.

Those participating were: Mrs. R.B. Merrett, Mrs. Richard Shadoin, Mrs. Ray Gordon, Mrs. Fred Wagner, Mrs. Eldon Gilly, Mrs. Omar DeBever, Mrs. Robert Kane, Mrs. Mark Uram, Mrs. Sandra McKenzie, Miss Becky Adams, Miss Tricia Robinson, Miss Leigh Anne Russo, and Miss Topsy Stieffel. Two gift certificates were donated by the Princess shoppe and were won by Mrs. Sam Whitfield and Mr. Danny Snellings.

## Interest Due

The first interest payment of \$20,250 on a five-year loan under the Governor's Emergency Council funds will be due in August, Hancock County supervisors were advised by the State Commission of Budget and Accounting.

In an April 2 letter, Francis Geoghegan, Commission director, reminded the board that under provisions of Senate Bill No. 1577, terms for repayment of the \$675,000 interim assistance loan call for the first payment in August 1973, at three percent interest. Subsequent payments are due August 1974 at four percent interest, or \$27,000 and the final payment due August 1975 of a total of \$708,750, which will retire the loan.

The loan was signed August 3, 1970 for the former board of supervisors.

**STATE WINNERS**—Tying for third place in the exhibits at the State Language Association meeting this past Friday at the University of Southern Mississippi were Wendell Casey, left, the son of Dr. and Mrs. Clyde L. Casey of Metairie, La., and student at St. Stanislaus in Bay St. Louis, with a typical ranch house of Andalusia, Spain, and Mike Phillips, the son of Mr. and Mrs. Walter J. Phillips of Bay St. Louis, with "House of Andalusia, Spain."

## Local Students Win Project Awards At USM

About 650 students attended High School Foreign Language Day sponsored by the Secondary School Section of the Mississippi Modern Language Association recently at the University of Southern Mississippi, according to Mrs. E.O. Schrader, vice president of the section and organizer of the day's activities.

Hosted by the USM Department of Foreign Languages, each language section was organized and run by student participants.

Students of two Bay St. Louis schools won five of the

seven awards made at the statewide exhibit of foreign language projects.

Placing first in the state competition was Miss Stephen Winnard of Bay Senior High, whose entry was an audio-visual display entitled "Contributions of France to the World of Music." Her research project included an hour-long tape recording of excerpts from compositions by French composers, each of which she introduced and some of which she played herself on the piano.

Also won by Bay Senior High students were three of the four honorable mention

awards. These went to Miss Lynette Prevou in recognition of the exquisitely detailed work on her model of the Madeleine Church in Paris, a replica of the Greek Parthenon; to Miss Diane Wiggins for her colorful model of a typical French chateau and its formal flower gardens; and to Miss Veronica Young, a Spanish student, for her clay model of a Mayan pyramid of Central America.

St. Stanislaus Spanish students Mike Phillips and Wendell Casey were awarded third place for a project on which they had worked jointly, a model of a typical rancho.

Judges for the event were five foreign language instructors on the staff of the University of Southern Mississippi. The competition was the first of what is hoped to become an annual event.

## Adults Complete Driving Course

The first class of Adult Driver Education offered at Bay Senior High recently terminated. According to Willner Seymour, instructor, 15 adults enrolled in the course and all 15 passed the driver's tests and were issued licenses by the Mississippi State Highway Patrol at the end of the course.

Instruction included 10 hours of classroom work, eight hours behind the wheel practice, and an hour of simulator training.

Participants in the course were: Mrs. Owen Gray, Mrs. Perre Quintini, Miss Mary Lou Florio, Mrs. Betty Traverca, Mrs. Richard Thomas, Mrs. Gwendolyn Ishem, Mrs. Doris Marquar, and Mrs. Fred Poyadon.

Also Mrs. Cindy Allen, Miss

Carolyn Moore, Mrs. Serena Malstrom, Mrs. Linda Fayard, Mrs. Lucien Kidd, Sister Hyacinth, and Mrs. Ed Holbrook.

A new course in driver training for adults began last Monday with a full enrollment.

These courses are made possible by a grant from the State Department of Education in cooperation with the local public school system.

## Social Security Increased For Delayed Retirement

A worker who doesn't get any social security benefits before he's 65 and delays his retirement past that age will be eligible for higher payments when he retires, according to social security officials here.  
Benefits increase 1/12 of 1 percent for each month—or 1 percent for each year—after 1970 if the worker doesn't get social security

benefits between age 65 and 72 because of his earnings. "This higher benefit can be paid to retired workers under a new provision of the social security law," a spokesman said. "It doesn't affect social security payments to their families."  
The new provision will mean additional benefits to some workers already getting social security payments. "If a worker already on the rolls qualifies for a higher payment because of the change, he will get an automatic increase in June, and it will be retroactive to January 1978," the spokesman said.

Over 5 million workers will get \$198 million in social security increases in 1974 under the new provision.

People getting social security payments can earn as much as \$175 in a single month and still get their full social security payment for that month regardless of their total yearly earnings.

## Engelhorn Says

Please note the difference between City Finance Commissioner and Utilities Commissioner and City Clerk. The Finance Commissioner is assessor and tax collector. He collects and deposits tax money.

The Utilities Commissioner's office makes all disbursements from proper City funds and accounting knowledge is mandatory. This man also needs to know state municipal law, when it is illegal to issue a warrant, etc.; he must check each City obligation for duplications, over-charges, illegal bills, etc.; he must know when and how to prepare many state and public reports, makes the City payroll, keeps the minutes... I could go on and on.

**BACKGROUND**  
Since moving to Bay St. Louis 25 years ago I worked in a law office four years; moved to the Courthouse as Deputy Clerk of Courts; joined the court reporting firm of Sisson & Grant and was Court Reporter pro tempore for Circuit Court (three counties). Was also general writer and Sports Editor for the Echo and columnist for the Clarion-Ledger. Also Chief Clerk in the Comptroller's Office for the prime contractors at the test site.

In New Orleans I was Assistant Office Manager for the City-Federal Paving and Sub-surface Drainage Program employing more than 12,000 persons. Also Supervisor of Stores Records, Delta Shipyard which involved perpetual inventory and a physical inventory every three months of all hardware, pumps, etc. My department employed more than 50 men.

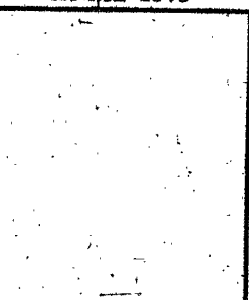

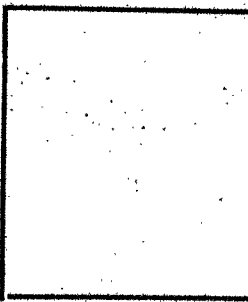

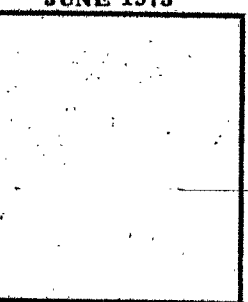

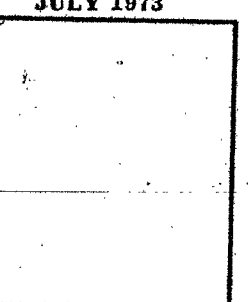

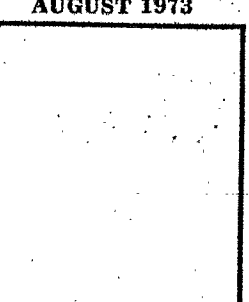

Among other education have had two years accounting at S. J. Peters High, New Orleans, and one year at Tulane Night School.

I have a four-year honorable discharge from the U.S. Naval Reserve.

#### LEGAL NOTICE OF HOSPITALITY STATION PUBLIC HEARING

The Miss. State Highway Department will hold a public hearing on Tuesday, April 24, at 7:00 p.m. in the Picaune City Hall at Picaune, Mississippi, to discuss the proposed location and design of a hospitality station on Interstate 59, north of the Louisiana State Line, 51-068-01-038-10.

The proposed facilities will provide the traveling public with tourist information, restrooms, telephones, picnic grounds, nature trails, and sanitary waste dump for travel trailers. Parking spaces convenient to the information center and restrooms will be provided. The picnic grounds will have additional individual parking spaces convenient to each picnic table.

The hospitality station will be brick in structure, designed in the traditional Mississippi colonial architecture, with a colonnade around the entire building. The interior of the building has a reception area, tourist interest display area, kitchenette, attendant office, restrooms, and storage area.

The parking areas and grounds will be well lighted and landscaped in keeping with the building.

Architectural drawings, plans and other information developed by the State Highway Department will be presented at the hearing and will be available for public copying after the hearing at the Highway District Office on Highway 49 in Hattiesburg.

Provisions will be made for submission of written statements and other exhibits in place of or in addition to oral statements at the hearing. Written views will be accepted up to ten days after the date of the hearing.

The public is invited to attend.

## KANTCHA KETCHUM

By L. S. (Doc) Elliott

Had another weekend without rain. Seems like the weather is trying to straighten out. As to fishing plenty perch are being caught most everywhere especially in canals and rivers where there are fly pads along the sides where the fish are spawning. They are being caught mostly on earth worms and small pieces of dead shrimp. When using worms, use two or more if they are small, it will be more effective.

As stated before salt water fish, speckles and red flat seem to be hitting only out near the marsh, a boat is needed to get where they are. And a pretty safe one at that. The waters in that area gets pretty rough at times.

Haven't heard of any soft crabs or flounders being caught as yet. One can hear a hundred reasons why they are not giving, but in our way of thinking they just have not come in. May still be a little early for them.

Frogging hasn't really started. Kinder cool for frogs at this time.

The 28th City Park Big Boss Rodeo was held last week in New Orleans. For those who like to catch big bass there were some tagged at three, four and five pounders with a 5 lb., 13 ounce lunker topping the list.

The rodeo is held annually each year and is open to everyone. Make arrangements to attend next year. Over 700 participated in the contest last week.

Found another place where earth worms can be purchased. It is at Herman Holden's home on the old Kiln Road next to St. Henry's Church.

According to Harry Roman,

MR. ROBERT BEGUE OF WAVELAND ACCEPTS DELIVERY OF HIS NEW CAR FROM TURAN-LANE CHEVROLET SALESMAN HERB BARON

We were in trouble - my car was wrecked and we had no transportation. I called several dealers for prices but no one came to see me until Herb Baron found out about our situation. Herb was at our home 6 or 7 times, helped with insurance matters on the old car, as well as the pay-off and sale of the wrecked one. He found us an ideal car for our needs and we are happy this fine dealership handled our transaction. We recommend Herb Baron and Turan-Lane Chevrolet highly.

### Kinds of Fishing.

We fishermen learn a lot about fishing from others. One of my friends was telling me about catching cat fish by using Ocaton Soap for bait. This is an old trick and it still works. Cat fish are stupid enough to eat anything. They make for mighty good eating, however. Thanks partner for the information.

Another wild turkey was killed in Devil's Swamp the other day. It was shot by Lester (Buddy) Haverly, Jr., another member of the Progressive Sportsman Club of Waveland and Clermont Harbor on April the 3rd. It weighed 18 1/2 pounds. Lester was justly happy with his kill.

Marvin and Alma Dohson are real sports. He fishes and his wife plays golf. She won the Pass Christian Lakes Golf Championship for three years. Quite a record.

Henry Carver doesn't do much in the way of sports anymore. At one time he was one of our best gopher catchers. If you don't know what a gopher is, it is another type of turtle. They are good eating with spaghetti.

Be thinking of the St. Stanislaus Sidelines Fair to be held on May 5 and 6th. There will be lots to do. You members can do you part.

Birthdays are always fun days. One was had for Mrs. Nellie Loiatano Sunday, April 23rd. by the following: Mr. and Mrs. Anthony Di Pascual, Mr. and Mrs. Joseph Rhode and Mr. and Mrs. William Jacks and their children. All that can be said, everyone had a good time and enjoyed a real barbecue. No time for fishing on this occasion.

Mr. and Mrs. Morris Daniels and four young sons spent Sunday with their great grand parents Marge and Dec Elliott. Diane and Morris spent the day fishing with the boys. The catch, a bunch of small perch. Although a lot of fun.

Larry Mauffray and the family from Muncie, Indiana, are down visiting his parents Mr. and Mrs. Alden Mauffray for a while. Larry is not too much of a fisherman but goes occasionally. Have a good time Larry while here.

Bass haven't started hitting surface baits yet. Water won't get warm enough for that. Being on the spawn in deeper water could be the cause. Worms is still best for catching perch, now. Won't strike while spawning.

Jourdan River up by the

Kilm road at the old serpentine still is clearing all the time. If there is no rain for a few days fly fishing should come into its own in this area. The water is improving also near Nicola's and Hoke's Bayou, Pearl River and its tributaries, Folliott's Bayou, Fog Bayou, Lawn, Deer and Buck's Bayous are still muddy and will be for some time.

Gumbo crabs are being caught in the canals that run into Watts Bayou.

A good place to put out cat fish lines is up Jordan River. Small perch and smelt is good bait to use.

Some of our salt water fishermen will go to cat fish fishing if the opening of the spill way effects out-side waters. There are some mighty big fresh water cat fish in our bayous and rivers. Catching cat fish can be fun too.

About time for local candidates to start having crayfish parties, fish fries, etc.

SOME PERCH Eric Necaise with his grandson, Lynnie Shaw show off the string of perch caught by them. This twosome has been catching perch regularly in the Ted Lynam area.

A BIG ONE—Hoke Ogden is shown with the 130-pound flying fish he caught April 7 at Acapulco, Mexico. Hoke is one of our best fishermen but doesn't get them that big locally.
